

OPEN CALL FOR ART RESIDENCE 2018

NOTICE – REGULATION

Art. 1 – PRECONDITIONS

The CLAN (Collettivo libero Anti Noia) cultural association and the Tuscany Working Hostel (TWH), based in Principina Terra - Grosseto, are promoting a competition notice to select national and/or international emerging artists for the “Art on Journey” project. This is an art residence for under 35 years old artists who work with contemporary languages. The overall goal is to support socially viable environments that may be seen as an engine of development, aggregation and creativity.

Art. 2 – GOALS

This initiative encourages the use of art as a tool to investigate the concept of “Journey”, which is meant both as the geographical experience of landscape monitoring and as the experience of discovery – of one’s own and the other’s subjectivity –.

The chosen place is the hostel “Tuscany Working Hostel” (TWH), immersed into the Tuscan countryside and far away from the most renowned settings of this region – but in a land that is equally evocative and challenging. In this bucolic structure, made for dynamic and independent travellers, this artistic experience of residence aims to provide a debate as well as a research of languages between shifting and evolving personalities. It also promotes the exchange of thoughts, discoveries and knowledge.

Art. 3 DESCRIPTION OF THE PROJECT

The project is reserved for national and/or international artists between 18 and 35 y.o. that want to develop an artwork on the “Journey” theme through research on cultural diversity and on environment and landscape exploration. The artworks that will be made during the stay will inspire future travellers in a persistent dialogue between different experiences and cultures, held together by the universal language that is art.

The candidates that will pass a first selection will be able to create works of visual art, photography, sculptures, installations, site specific operations for a period of 7 (seven) days. The spaces of the structure are available for the attendees to create their works.

The projects will eventually be evaluated by a technical-artistic jury that will express itself taking into account the unique nature of the proposals and the coherence with the theme. The jury will choose the best one, independently from the technique, for the first prize: 500,00 €.

The staying comprehends the free of charge accommodation in the TWH hostel shared rooms – a structure that is beautifully located in the heart of Maremma, close to Grosseto and to the sea.

Meals and materials for the artworks are not included in the residence project. The travel costs are charged to the participants. At the end of the residence there will be the opening ceremony for the “Art on Journey” exhibition, with all the competing works.
